MELVILLE - MEDICAL EMERGENCY PROCEDURES

These are the steps to follow in case of a medical emergency.

1. In a medical emergency call or ask the Receptionist to call **631-547-4121**.
2. In other than a medical emergency call or ask the Receptionist to call **911**.
3. Contact one of our CPR/AED and Standard First Aid trained employees listed below for assistance.
4. Notify Facility Services x2660 that an emergency call was placed, and request type of assistance needed.
5. Facility Services will alert the Receptionist (if she was not already notified), and Human Resources x2292 that an emergency call was placed
6. Human Resources will notify the supervisor, manager, and VP of Publishing of the person involved. Human Resources has individual emergency information available in their employee personnel files; including person(s) to contact in case of an emergency
Any individual who wishes to seek outside medical assistance and/or who wishes to go home will receive assistance to do so.
