Now available as a separate subscription option (Coverage 1980-2008)

Editors

John M. Poate, *Colorado School of Mines, Golden, CO*

Bill R. Appleton, *University of Florida, Gainesville, FL*

Applied Physics Reviews carries review articles of important and current topics of experimental or theoretical research in applied physics and applications of physics to other branches of science and engineering. These review articles may vary in scope and length from relatively short but authoritative state-of-the-art summaries to comprehensive critical monograph-length reviews of specific areas of application. Prospective authors are strongly encouraged to correspond with the editors before submitting manuscripts.

Journal of Applied Physics subscribers receive *Applied Physics Reviews* at no additional charge.

2009 Publication Frequency

There is one volume per year.
