

# Journal of Renewable and Sustainable Energy

[jrse.aip.org](http://jrse.aip.org)

**A new journal for the new direction of energy production in the 21st century**

*Journal of Renewable and Sustainable Energy* (JRSE) is a peer-reviewed journal covering all areas of this highly interdisciplinary field. As a Web-based journal with rapid publication time, JRSE will be responsive to the many new developments expected in this field. The multidisciplinary approach of the publication will ensure that the editors draw from researchers worldwide in a diverse range of fields.

Covered includes:

- Bioenergy
- Geothermal energy
- Marine and hydroelectric energy
- Nuclear energy
- Solar energy
- Wind energy
- Energy conversion
- Energy efficient buildings
- Energy storage
- Power distribution
- Renewable energy resource assessment
- Transportation

JRSE will publish six issues per year, and each article will appear online in final citable form as soon as it is available.

## 2009 Publication Frequency

Volume 1 (6 issues) Volume 1 (6 issues)

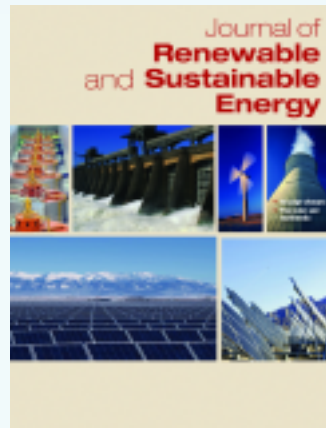

## Format

Online
