

# Optics Letters

<http://ol.osa.org>

**Where readers look for the latest discoveries in optics!**

This collection of short, original, peer-reviewed papers provides rapid dissemination of new results in all branches of optics research, as well as articles of interest to researchers in other related science and engineering areas. Newsworthiness to a substantial part of the optics community and the effect of rapid publication on the research of others are among the criteria used in determining acceptability of contributions.

Subscription order forms are available at [www.osa.org/pubs/subscribers](http://www.osa.org/pubs/subscribers).

## Editor-in-Chief

Alan E. Willner, *University of Southern California, Los Angeles, CA*

## ISI's Impact and Immediacy Data (2006)

Impact Factor: 3.598  
Immediacy Index: 0.778

## 2008 Publication Frequency

Volume 33 (24 issues)

## Format

Print & online

# Optics Express

<http://www.opticsexpress.org>

**A FREE, all electronic, peer-reviewed journal**

*Optics Express* reports on developments in all fields of optical science and technology. *Optics Express* is available at no cost to readers at [www.opticsexpress.org](http://www.opticsexpress.org). Features include rapid publication, multimedia, and color. Articles are archived electronically and are permanently identified by page, issue, and volume number.

*Optics Express* is an Open Access journal and is free to all readers. A free table of contents alerting service is also available.

## Editor-in-Chief

Martijn de Sterke,  
*University of Sydney, Sydney, Australia*
