

# SEG Digital Library

[segdl.org/](http://segdl.org/)

**SEG**  
Digital Library

The Society of Exploration Geophysicists has expanded the SEG Digital Library to include the publications of the Environmental & Engineering Geophysical Society. SEG publications—*GEOPHYSICS*, *THE LEADING EDGE*, the *Technical Program Expanded Abstracts*, and the *Encyclopedic Dictionary of Applied Geophysics*, fourth edition—are available as the **SEG Research Collection ([segdl.org/segrc](http://segdl.org/segrc))**. EEGS publications—the *Journal of Environmental and Engineering Geophysics* (JEEG) and the *Symposium on the Application of Geophysics to Engineering and Environmental Problems* (SAGEEP) proceedings—are available as the **EEGS Research Collection ([segdl.org/eegsrc](http://segdl.org/eegsrc))**. The SEG Digital Library unifies both research collections in a single interface with a search engine covering both research collections, and it is available as a single subscription at a discounted price.

The SEG Digital Library also is the new home of the Digital Cumulative Index, a free-access bibliographic database covering publications of SEG, EEGS, the European Association of Geoscientists and Engineers, the Australian Society of Exploration Geophysicists, and the Canadian Society of Applied Geophysicists. The Digital Cumulative Index ([segdl.org/dci](http://segdl.org/dci)) includes links from citations to their sources.
